

JOB TITLE

HGV DRIVER

Company information

Ribbex is a commercial recycling and waste management company based in Welwyn Garden City Hertfordshire with a UK wide service offering. With over 30 years' experience in the collection and recycling of commercial waste, Ribbex is well placed to offer a complete waste management solution, whatever your needs.

Ribbex is committed to providing the highest quality of independent support and advice. We are constantly in direct contact with professional associations and information technology solution providers to ensure that our application of both techniques and technology is kept completely up to date. We actively transfer our knowledge of management and operational skills from our experienced staff to our clients. This philosophy underpins our approach to waste management contracts and consultancy by way of training and the exchanging of ideas and visions.

Job description

We are looking for competent drivers who wish to work driving a variety of vehicles. Our workload is varied and we ask that people are flexible in learning about the business and taking on responsibility. Training and advice is given regardless of your background and we are willing to consider applicants with differing levels of experience.

Your performance is an essential part of the depot's growth.

Expectations

- HGV class 2
- Helpful attitude towards colleagues and customers
- Attention to detail at work
- Focused under pressure
- Able to adapt to different workloads
- No more than 6 points on driving licence depending on offence
- Full drivers CPC

Terms

- Salary available upon request
- 23 days holiday plus bank holidays
- Inclusion into Ribbex's approved pension scheme

Please contact kim@ribbex.co.uk with a copy of your c.v and any other information that forms a part of your application.

Ribbex has tripled in size within the last 5 years, we hope you can help us take the business further!
